

CIVITAS FastTrack Capacity Building Week 1

Get inspired and meet suppliers

16-18 November

Programme overview

Time (CET)	Session title	Description
Tuesday, 16 Nove	ember: Peer dialogues to inspire	
9:30-10:00	Welcome: mobility innovation as a driver for sustainability	plenary
10:10-11:15	Setting the scene: current trends & challenges (workshop 1)	by cluster
11:30-12:45*	Get inspired by peer cities' innovations (workshop 2)	by cluster
13:45-14:45	Get inspired by peer cities' innovations (workshop 2b, for clusters 1 and 3 only)	by cluster
Wednesday, 17 N	lovember: Supplier dialogues to inspire	
9:30-10:00	Make collaboration between suppliers and local authorities work	plenary
10:10-11:10	Get inspired by suppliers	in groups
11:30-12:30	Virtual tour of Freiburg	plenary
Thursday, 18 Nov	vember: Defining a common pathway to innova	ntion uptake
9:30-10:15	Presentation: innovation diaries and deployment plans	plenary
10:30-12:15	Cluster learning programme & individual objectives	by cluster
12:15-12:30	Wrap-up discussion	plenary

Programme for cluster 1:Sustainable and clean urban logistics

Tuesday, 16 November: Peer dialogues to inspire

9:15-9:30	Connecting to Zoom, technical checks
9:30-10:00	 Welcome: mobility innovation as a driver for sustainability Welcome to the Capacity Building Week by Ana Drăguțescu, FastTrack project coordinator (ICLEI Europe) Roadmap to making the most of the Week: innovation diaries Keynotes by Jill Warren, CEO, European Cyclists' Federation, and by Johanna Tzanidaki, Innovation and Deployment Director, ERTICO Q&A moderated by Peter Staelens, Eurocities
10:00-10:10	Icebreaker
10:10-11:15	 Setting the scene: current trends & challenges (workshop 1) This workshop discusses trends and challenges in Sustainable Urban Logistics: Introduction by Anne-Charlotte Trapp, Eurocities (5 minutes) Urban logistics in a rapidly changing economic context, Yanying Li, ALICE platform Challenges and opportunities in managing sustainable urban logistics innovation, Paul Fenton, City of Stockholm (10 minutes) SULPs: European guildelines to help cities plan a sustainable urban logistics future, Georgia Ayfandopoulou, CERTH (10 minutes)
	 Discussion: collective reflection on the trends presented (30min) How can local authorities adapt to a fast-changing context? How have your cities so far defined their roles in these trends? What needs to change in your context for you to be able to take-up the innovation trends discussed?
11:15-11:30	Coffee break
11:30-12:45	Get inspired by peer cities' innovations (workshop 2) This workshop pitches solutions that can respond to the needs identified by the Local Affiliates (LA). First the workshop structure will be introduced, followed by a series of 'pitches' from LAs, paired with Q&A sessions after each pitch.
	 Pitches: Bologna: SULPs at the metropolitan level, Mauro Borioni Vienna: Logistikplan2023 – coordinating all stakeholders, Dieter Häusler Stockholm: what it takes to have a dedicated team working on urban logistics, Paul Fenton
12:45-13:45	Lunch break
13:45-14:50	Get inspired by peer cities' innovations (workshop 2b) This continues workshop 2.
	Pitches: • Stockholm: how to create sustainable construction sites, Paul Fenton • Novelog project: planning tools and best practices, Sofoklis Dais, CERTH • Groningen: successes and pitfalls of logistic hubs, Sjouke van der Vlugt

Cluster 1: Sustainable & clean urban logistics

Wednesday, 17 November: Supplier dialogues to inspire

9:15-9:30	Connecting to Zoom, technical checks
9:30-9:35	Welcome: overview the programme for the day
9:35-10:10	Make collaboration between suppliers and local authorities work This session sets the scene and reflects upon the key principles cities should consider when going out into the innovation market. Through a series of interviews, this session will explore varied perspectives on how local authorities can define where and how to seek out new mobility innovations, and what can help guide them to identify high quality innovation partners.
	 Interviews with: Katia Kishchenko, City of Antwerp Karen Simons, Rebel Group Julian Scriven, Brompton Moderated by Jan Christiaens, Mobiel 21, and followed by questions from the audience
10:10-11:10	Get inspired by suppliers This workshop gives LAs the chance to get to know potential suppliers in thematic groups, including learning about the innovation they are offering. After pitching their innovations, suppliers will engage in a dialogue with Local Affiliates and Ambassador Cities. Guided by the technical support partners, each group will have dedicated time allocated to discuss the innovations more in-depth, to identify potential barriers in the cooperation between the private and the public sector, and to brainstorm factors that could quicken uptake of innovations.
	Suppliers will be matched with the appropriate thematic cluster prior to the workshop, which will include: • Pitches by suppliers (5 minutes each) • Q&A and discussion (25 minutes) • Wrap-up (5 minutes)
11:10-11:20	Coffee break
11:20-11:30	How to use the supplier registry Presentation by Sanne Vanderstraeten, Mobiel 21 of the FastTrack Database of Suppliers and how to navigate through it.
11:30-12:30	Virtual tour of Freiburg (DE) A virtual tour by Reggie Tricker, ICLEI Europe of the top four sustainable mobility and transport measures implemented in our host city of Freiburg.
12:30-13:30	Digital break and time to book appointments with suppliers

Cluster 1: Sustainable & clean urban logistics

Thursday, 18 November: Defining a common pathway to innovation uptake

9:15-9:30	Connecting to Zoom, technical checks
9:30-10:15	Welcome and presentation of innovation diaries and deployment plans Following a brief overview of today's programme, CERTH will present the "innovation diaries" and will respond to questions about these. Next, EIP will introduce the "deployment plans".
10:15-10:30	Coffee break
10:30-12:15	Cluster learning programme & individual objectives This workshop will facilitate a discussion amongst cities regarding the main subthemes that will make-up each cluster's tailored learning programme, to more closely define the specific points within this programme. To open, Anne-Charlotte Trapp, Eurocities, will present the programme of work for Cluster 1, and its objectives.
	 Next, the discussion will be structured using a "World Café" format as follows: World Café round 1: feedback, identify gaps World Café round 2: Local Affiliates to prioritise sub-themes to work on World Café round 3: Local Affiliates to define their objectives Fill in innovation diaries (20 minutes)
12:15-12:30	 Wrap-up discussion A wrap-up discussion will be held in plenary, moderated by Anne-Charlotte Trapp, Eurocities, and including: Inputs from the cluster rapporteurs (3 mins each) Closing words by Ana Drăguțescu, FastTrack project coordinator

Programme for cluster 2: Cycling in the urban and functional urban area

Tuesday, 16 November: Peer dialogues to inspire

9:15-9:30	Connecting to Zoom, technical checks
9:30-10:00	 Welcome: mobility innovation as a driver for sustainability Welcome to the Capacity Building Week by Ana Drăguțescu, FastTrack project coordinator (ICLEI Europe) Roadmap to making the most of the Week: innovation diaries Keynotes by Jill Warren, CEO, European Cyclists' Federation, and by Johanna Tzanidaki, Innovation and Deployment Director, ERTICO Q&A moderated by Peter Staelens, Eurocities
10:00-10:10	Icebreaker
10:10-11:15	 Setting the scene: current trends & challenges (workshop 1) This workshop will set the scene and provide an overview of innovations that are happening in Europe in the field of active mobility: Presentation by Katia Kishchenko, City of Antwerp, on their bike policy and its 'cycling city' features, including the cycling network, bike parking, smart links, bike sharing, and safety (20 minutes) Trends and challenges in active mobility, Fred Dotter, CIVITAS ELEVATE State-of-the-art in active travel innovations, Alexandra Kershaw, Vectos
	 Discussion: collective reflection on the trends presented (30min) How can local authorities adapt to these trends? How have your cities so far defined their roles in these trends?
11:15-11:30	Coffee break
11:30-12:45	Get inspired by peer cities' innovations (workshop 2) This workshop pitches solutions that can respond to the needs identified by the Local Affiliates (LA). First the workshop structure will be introduced, followed by a series of 'pitches' from LAs, paired with Q&A sessions after each pitch.
	 Pitches: Bruges: infrastructure – how and where to arrange cycling infrastructure, what guidelines can help, which infrastructure methods can stimulate active mobility, Bart Slabbinck The New Drive: bike sharing – business models, how to organise e-bike charging, and what regulations must be followed, Sven Huysmans Krakow: multi-modal approaches – how to ensure an increasing number of cycling commuters can get to work safely, Joanna Majdecka Copenhagenize: bicycle promotion – behavioural change, encouraging people to leave their cars at home, Clotilde Imbert
12:45-13:45	Lunch break

Cluster 2: Cycling in the urban and functional urban area

Wednesday, 17 November: Supplier dialogues to inspire

9:30-9:35 Welcome: overview the programme for the day 9:35-10:10 Make collaboration between suppliers and local authorities work This session sets the scene and reflects upon the key principles cities should consider when going out into the innovation market. Through a series of interviews, this session will explore varied perspectives on how local authorities can define where and how to seek out new mobility innovations, and what can help guide them to identify high quality innovation partners. Interviews with: • Katia Kishchenko, City of Antwerp • Karen Simons, Rebel Group • Julian Scriven, Brompton • Moderated by Jan Christiaens, Mobiel 21, and followed by questions from the audience 10:10-11:10 Get inspired by suppliers This workshop gives LAs the chance to get to know potential suppliers in thematic groups, including learning about the innovation they are offering. 	12:30-13:30	Digital break and time to book appointments with suppliers

Cluster 2: Cycling in the urban and functional urban area

Thursday, 18 November: Defining a common pathway to innovation uptake

9:15-9:30	Connecting to Zoom, technical checks
9:30-10:15	Welcome and presentation of innovation diaries and deployment plans Following a brief overview of today's programme, CERTH will present the "innovation diaries" and will respond to questions about these. Next, EIP will introduce the "deployment plans".
10:15-10:30	Coffee break
10:30-12:15	Cluster learning programme & individual objectives This workshop will facilitate a discussion amongst cities regarding the main subthemes that will make-up each cluster's tailored learning programme, to more closely define the specific points within this programme. To open, Mobiel 21 and Vectos will present the programme of work for Cluster 2, and its objectives.
	 Next, the discussion will be structured using a "World Café" format as follows: World Café round 1: feedback, identify gaps World Café round 2: Local Affiliates to prioritise sub-themes to work on World Café round 3: Local Affiliates to define their objectives Fill in innovation diaries (20 minutes)
12:15-12:30	 Wrap-up discussion A wrap-up discussion will be held in plenary, moderated by Anne-Charlotte Trapp, Eurocities, and including: Inputs from the cluster rapporteurs (3 mins each) Closing words by Ana Drăguțescu, FastTrack project coordinator

Programme for cluster 3:Integrated multi-modal mobility solutions

Tuesday, 16 November: Peer dialogues to inspire

9:15-9:30	Connecting to Zoom, technical checks
9:30-10:00	 Welcome: mobility innovation as a driver for sustainability Welcome to the Capacity Building Week by Ana Drăguțescu, FastTrack project coordinator (ICLEI Europe) Roadmap to making the most of the Week: innovation diaries Keynotes by Jill Warren, CEO, European Cyclists' Federation, and by Johanna Tzanidaki, Innovation and Deployment Director, ERTICO Q&A moderated by Peter Staelens, Eurocities
10:00-10:10	Icebreaker
10:10-11:15	 Setting the scene: current trends & challenges (workshop 1) This workshop will provide an overview of innovations that are happening in Europe in the fields of MaaS, mobility hubs, and integration of modes: MaaS, mobility hubs, complex system integration: aspirations or needs?, Lucia Cristea, EIP New trends in transport and mobility systems, Prof. Peter Jones, UCL Social aspects to include when planning for a complex system, Laurie Pickup, Vectos/SLR
	 Discussion: collective reflection on the trends presented (30min) How can local authorities adapt to these trends? How have your cities so far defined their roles in these trends?
11:15-11:30	Coffee break
11:30-12:45	Get inspired by peer cities' innovations (workshop 2) This workshop pitches solutions that can respond to the needs identified by the Local Affiliates (LA). First the workshop structure will be introduced, followed by a series of 'pitches' from LAs, paired with Q&A sessions after each pitch.
	 Pitches: Antwerp: MaaS – collaboration between public and private entities for sustainable solutions, Marijke de Roeck Budapest: integration of mobility systems – complex mobility systems management, Mate Sebok, BKK and Andras Vagany, Budapest Vectos/SLR: mobility hubs – insights from implementing mobility hubs and working with developers, Mike Axon
12:45-13:45	Lunch break
13:45-14:50	Get inspired by peer cities' innovations (workshop 2b) This continues workshop 2.
	 Pitches: CambiaMO: behaviour change – integrated multi-systems that leave no one behind, Floridea di Ciommo Fuse Mobility: MaaS – MaaS in Scotland, Steve Cassidy Sciences Po: governance aspects – Charlotte Halpern

Cluster 3: Integrated multi-modal mobility solutions

Wednesday, 17 November: Supplier dialogues to inspire

9:15-9:30	Connecting to Zoom, technical checks
9:30-9:35	Welcome: overview the programme for the day
9:35-10:10	Make collaboration between suppliers and local authorities work This session sets the scene and reflects upon the key principles cities should consider when going out into the innovation market. Through a series of interviews, this session will explore varied perspectives on how local authorities can define where and how to seek out new mobility innovations, and what can help guide them to identify high quality innovation partners.
	 Interviews with: Katia Kishchenko, City of Antwerp Karen Simons, Rebel Group Julian Scriven, Brompton Moderated by Jan Christiaens, Mobiel 21, and followed by questions from the audience
10:10-11:10	Get inspired by suppliers This workshop gives LAs the chance to get to know potential suppliers in thematic groups, including learning about the innovation they are offering. After pitching their innovations, suppliers will engage in a dialogue with Local Affiliates and Ambassador Cities. Guided by the technical support partners, each group will have dedicated time allocated to discuss the innovations more in-depth, to identify potential barriers in the cooperation between the private and the public sector, and to brainstorm factors that could quicken uptake of innovations.
	Suppliers will be matched with the appropriate thematic cluster prior to the workshop, which will include: • Pitches by suppliers (5 minutes each) • Q&A and discussion (25 minutes) • Wrap-up (5 minutes)
11:10-11:20	Coffee break
11:20-11:30	How to use the supplier registry Presentation by Sanne Vanderstraeten, Mobiel 21 of the FastTrack Database of Suppliers and how to navigate through it.
11:30-12:30	Virtual tour of Freiburg (DE) A virtual tour by Reggie Tricker, ICLEI Europe of the top four sustainable mobility and transport measures implemented in our host city of Freiburg.
12:30-13:30	Digital break and time to book appointments with suppliers

Cluster 3: Integrated multi-modal mobility solutions

Thursday, 18 November: Defining a common pathway to innovation uptake

9:15-9:30	Connecting to Zoom, technical checks
9:30-10:15	Welcome and presentation of innovation diaries and deployment plans Following a brief overview of today's programme, CERTH will present the "innovation diaries" and will respond to questions about these. Next, EIP will introduce the "deployment plans".
10:15-10:30	Coffee break
10:30-12:15	Cluster learning programme & individual objectives This workshop will facilitate a discussion amongst cities regarding the main subthemes that will make-up each cluster's tailored learning programme, to more closely define the specific points within this programme. To open, Lucia Cristea, EIP will introduce the scope of the session, followed by a presentation of the sub-themes for cluster 3 by Mate Sebbok, BKK.
	 Next, the discussion will be structured using a "World Café" format as follows: World Café round 1: feedback, identify gaps World Café round 2: Local Affiliates to prioritise sub-themes to work on World Café round 3: Local Affiliates to define their objectives Fill in innovation diaries (20 minutes)
12:15-12:30	 Wrap-up discussion A wrap-up discussion will be held in plenary, moderated by Anne-Charlotte Trapp, Eurocities, and including: Inputs from the cluster rapporteurs (3 mins each) Closing words by Ana Drăguțescu, FastTrack project coordinator

CIVITAS 2030 10

Programme for cluster 4: Traffic and demand management

Tuesday, 16 November: Peer dialogues to inspire

9:15-9:30	Connecting to Zoom, technical checks
9:30-10:00	 Welcome: mobility innovation as a driver for sustainability Welcome to the Capacity Building Week by Ana Drăguțescu, FastTrack project coordinator (ICLEI Europe) Roadmap to making the most of the Week: innovation diaries Keynotes by Jill Warren, CEO, European Cyclists' Federation, and by Johanna Tzanidaki, Innovation and Deployment Director, ERTICO Q&A moderated by Peter Staelens, Eurocities
10:00-10:10	Icebreaker
10:10-11:15	 Setting the scene: current trends & challenges (workshop 1) This workshop will provide an overview of innovations that are happening in Europe in traffic and demand management for sustainable urban mobility: Presentation and discussion of trends and policies in traffic and demand management, Dr. Georgia Ayfantopoulou, CERTH/HIT (10 minutes) Bologna's experiences with these trends, Dr. Luca Bellinato, Municipality of Bologna (10 minutes) Johanna Tzanidaki, Innovation and Deployment Director, ERTICO (10 minutes)
	 Discussion: collective reflection on the trends presented, moderated by Dr. Evangelos Mitsakis and Areti Kotsi (CERTH/HIT) (30min) How is your city positioned in these trends? What challenges do you face in adapting to trends in fast-changing technological contexts? What support (local, regional, European) would help overcome these?
11:15-11:30	Coffee break
11:30-13:05	Get inspired by peer cities' innovations (workshop 2) This workshop pitches solutions that can respond to the needs identified by the Local Affiliates (LA). First the workshop structure will be introduced, followed by a series of 'pitches' from LAs, paired with Q&A sessions after each pitch.
	 Pitches: Bologna: dynamic traffic light system, Dr. Luca Bellinato Thessaloniki: traffic management decision support system for Thessaloniki Agglomeration, Dr. Evangelos Mitsakis and Areti Kotsi, CERTH/HIT Thessaloniki: Smart Mobility Living Lab, Dr. Jose Maria Salanova Grau, CERTH/HIT Bologna: data collection for fleet management, Dr. Luca Bellinato Gothenburg: integrated soft priority system for public transportation, Lennart Englund
13:05-13:45	Lunch break

Cluster 4: Traffic and demand management for sustainable urban mobility

Wednesday, 17 November: Supplier dialogues to inspire

9:30–9:35 Welcome: overview the programme for the day 9:35–10:10 Make collaboration between suppliers and local authorities work This session sets the scene and reflects upon the key principles cities should consider when going out into the innovation market. Through a series of interviews, this session will explore varied perspectives on how local authorities can define where and how to seek out new mobility innovations, and what can help guide them to identify high quality innovation partners. Interviews with: Katia Kishchenko, City of Antwerp Karen Simons, Rebel Group Julian Scriven, Brompton Moderated by Jan Christiaens, Mobiel 21, and followed by questions from the audience 10:10–11:10 Get inspired by suppliers This workshop gives LAs the chance to get to know potential suppliers in thematic groups, including learning about the innovation they are offering. After pitching their innovations, suppliers will engage in a dialogue with Local Affiliates and Ambasador Cities. Guided by the technical support partners, each group will have dedicated time allocated to discuss the innovations more in-depth, to identify potential barriers in the cooperation between the private and the public sector, and to brainstorm factors that could quicken uptake of innovations. Suppliers will be matched with the appropriate thematic cluster prior to the workshop, which will include: Pitches by suppliers (5 minutes each) Qa& and discussion (25 minutes) Wrap-up (5 minutes) 11:10–11:20 Coffee break How to use the supplier registry Presentation by Sanne Vanderstraeten, Mobiel 21 of the FastTrack Database of Suppliers and how to navigate through it. 11:30–12:30 Virtual tour of Freiburg (DE) A virtual tour by Reggie Tricker, ICLEI Europe of the top four sustainable mobility and transport measures implemented in our host city of Freiburg.

Through a series of interviews, this session will explore varied perspectives on how local authorities can define where and how to seek out new mobility innovations, and what can help guide them to identify high quality innovation partners. Interviews with: • Katia Kishchenko, City of Antwerp • Karen Simons, Rebel Group • Julian Scriven, Brompton • Moderated by Jan Christiaens, Mobiel 21, and followed by questions from the audience 10:10-11:10 Get inspired by suppliers This workshop gives LAs the chance to get to know potential suppliers in thematic groups, including learning about the innovation they are offering. After pitching their innovations, suppliers will engage in a dialogue with Local Affiliates and Ambassador Cities. Guided by the technical support partners, each group will have dedicated time allocated to discuss the innovations more in-depth, to identify potential barriers in the cooperation between the private and the public sector, and to brainstorm factors that could quicken uptake of innovations. Suppliers will be matched with the appropriate thematic cluster prior to the workshop, which will include: • Pitches by suppliers (5 minutes each) • Q&A and discussion (25 minutes) • Wrap-up (5 minutes) 11:10-11:20 Coffee break 11:20-11:30 How to use the supplier registry Presentation by Sanne Vanderstraeten, Mobiel 21 of the FastTrack Database of Suppliers and how to navigate through it.	9:30-9:35	Welcome: overview the programme for the day

CIVITAS **2030** 12

Cluster 4: Traffic and demand management for sustainable urban mobility

Thursday, 18 November: Defining a common pathway to innovation uptake

9:15–9:30 Connecting to Zoom, technical checks

9:30-10:15 Welcome and presentation of innovation diaries and deployment plans

Following a brief overview of today's programme, CERTH will present the "innovation diaries" and will respond to questions about these. Next, EIP will introduce the "deployment plans".

10:15-10:30 Coffee break

10:30–12:15 Cluster learning programme & individual objectives

This workshop will facilitate a discussion amongst cities regarding the main subthemes that will make-up each cluster's tailored learning programme, to more closely define the specific points within this programme. To open, **Dr. Evangelos Mitsakis**, CERTH, will introduce the sub-themes for the programme

of work for cluster 4.

Next, the discussion will be structured using a "World Café" format as follows:

• World Café round 1: feedback, identify gaps

- World Café round 2: Local Affiliates to prioritise sub-themes to work on
- World Café round 3: Local Affiliates to define their objectives
- Fill in innovation diaries (20 minutes)

12:15–12:30 Wrap-up discussion

A wrap-up discussion will be held in plenary, moderated by **Anne-Charlotte Trapp**, Eurocities, and including:

- Inputs from the cluster rapporteurs (3 mins each)
- Closing words by **Ana Drăguțescu**, FastTrack project coordinator

FastTrack partners

The CIVITAS FastTrack project has received funding from the European Union's Horizon 2020 research and innovation programme under Grant Agreement no. 101006853.
